injection printed plastic material white abs double-sided tape included

FISSART

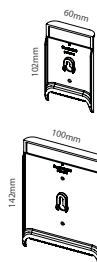

fissart is a smart, frame-free, transparent system for pictures, panels or billboards. it consists of a fixing disc and a mounting plate, which is provided with a removable edge distance clip to easily see the right distance between the edge and the panel, without using a measuring tape. in this way you can easily place the double-sided tape. after you place the tape, the plate is fixed onto the disc. if necessary, you can unscrew it. the gear wheel system guarantees a secure panel fastening and the possibility to adjust it after the installation.

stick the **double-sided tape** on the mounting plate

stick the **mounting plate** on the panel: it is provided with a removable edge distance clip to easily see the right distance between edge and panel

drill fixing disc on the wall
